01

PROFESSIONAL PROFILE

I'm a frontend web developer with 5 years of coding experience, currently studying at SRM University. With expertise in HTML, CSS, Tailwind, JavaScript, and Java, I craft stunning and responsive web interfaces. I'm also diving into the MERN stack to become a full-stack powerhouse. Join me as I blend creativity with cutting-edge technology to shape the web's future!

02

EDUCATION

Bachelor of Technology

SRM UNIVERSITY (2022 - 2026)

- Developed a responsive web application, ensuring optimal performance and user experience across various devices and screen sizes.

03
